Being online can be dangerous. Parents and teachers must warn¹ their children about the dangers in the same way they warn them when they go swimming or riding their bike.

You should spend a lot of time with your friends and family, having fun in different ways. The Internet is very useful as long as you use it in a clever way.

Parents have to set a time limit for children when they play computer games or surf the Net.

¹to warn [wɔːn] — попереджувати
Extra-school activities are part of school life. Parents often go to their children’s schools to see their work. Sometimes the schools have exhibitions of the pupils’ art or project work. Many schools have a school choir and an orchestra and they hold concerts. The plays at the end of each school year are also very popular. Some of the parents help teachers with these activities.

Today we have been to the Newburg School in Great Britain. The school has had its annual International Festival. Over 300 people enjoyed food and activities. The pupils served food from many different countries. Pupils’ groups performed at the festival. We watched African dancing. We listened to Japanese storytelling. We saw a Chinese puppet show and much more. There was an international fashion show. Pupils modelled clothes from different countries. Everyone has had a great time at the festival.

Mr. Jones, the school headmaster said, “All of our pupils and teachers had worked hard over the project. I can say this year’s festival is the best we have ever had.”

Develop your writing skills. This is a paragraph. The first sentence tells you what the paragraph is about. The other sentences give more information.
Every day after lunch Mrs Jewls read a story to the class. Dana hated stories.

The last book was the story about a pig. It was very funny. All the children laughed. Dana couldn’t stop laughing. John called her ‘a giggle box’.

When Dana broke out laughing at the lesson, John said: “There goes the giggle box.” She hated John.

The other story was very sad. Dana couldn’t stop crying. John called her ‘a leaky faucet’. “Who will fix the leaky faucet?” he asked.

Mrs Jewls rang her bell, and all the children sat quietly. The teacher was reading a story about a little baby-animal. The story was sad because a car killed his mother.

Dana cried.

The next day Dana came up to Mrs. Jewls for a talk.

“Can I go out when you read?” asked Dana.

“Why?” asked Mrs. Jewls.

“I hate stories,” said Dana. “I laugh and cry too much.”

“You don’t hate stories, Dana,” Mrs. Jewls told her. “You love stories. I would like other children to be able to laugh and cry like you.”

“Really?” asked Dana. She always thought she hated stories when she really loved them … Hmm...

She was glad.
“Oh ..!” She said.
“Well, what is it?” asked Mrs. Jewls.
“I might love John, too?”

2 What did John mean calling her: a) a giggle box?
   b) a leaky faucet?
3 Why did she come up to her teacher?
4 How did the teacher help Dana?

HOUSEHOLDING CHORES

Doing a work about the house is often called ‘doing chores’. Doing chores helps a family to keep up their house or in other words ‘to household’. Usually each member of a family has a householding duty. It means he or she has a part of chores to do. There are the things like feeding a pet, cleaning the carpets or doing shopping…

On weekends my friend’s family members are rarely all at home at the same time, so they write notes to each other. They help to remember things to do.

My mother is the busiest person in the householding chores. And I must admit¹ my elder sister is the greatest helping hand for her.

---

¹to admit [ədˈmɪt] — визнати
Every morning mother cooks breakfast. She fries some eggs in the frying pan. My sister sometimes boils sausages in a small pot. When the eggs are ready, mum serves them to us with nicely-decorated salad and boiled sausages. While my mother is doing that, my sister is cutting some bread and taking out the tea pot, cups and plates.

When the water in the kettle boils, my sister puts some tea into the teapot, pours some of the boiling water into the pot and the tea is ready.

Sometimes my mum prefers coffee to tea. Then my father prepares it. He is good at making coffee. I never drink coffee. I prefer tea. My sister sometimes drinks coffee with milk or cream. After breakfast I go to my school and my father goes to his office. My sister puts the dishes into the dishwasher to clean and dry them. My mum cleans the table and takes off the tablecloth.

My sister puts clean cups and dishes onto the cupboard and goes to her job.

And what about mum? She stays at home and does lots of things about the house. There is always something to do, a woman’s work is never done…
2 Say if it is true or false.
1 Everyone must know that he has to do his or her part of chores.
2 Doing shopping is not a housekeeping duty.
3 The elder sister is usually the greatest helping hand for mother.
4 We usually boil sausages in a frying pan.
5 We usually fry in kettles.
6 To make tea we need a kettle and a tea pot.
7 His father is good at making coffee.
8 His elder sister never drinks coffee.
9 After breakfast father washes up with a dishwasher.
10 Mother cleans the table after breakfast.
11 The elder sister stays at home and does lots of things about the house.

3 Complete the sentences according to the text above.
1 Doing a work about the house is called …

3 Writing notes to each other helps family members to …
4 Usually mother is the busiest person in …
5 We can … or … eggs for breakfast.
6 When the dish is ready we can …
7 To make tea we should …
8 We can wash up and dry the dishes with …
9 We should put clean dishes …
10 A woman’s work is …

4 **Work in groups. Speak on the following.**

1 Have you got a householding duty? What is it?
2 What householding duties do other members of your family have?
3 Is your mother the busiest person in doing chores? Prove that.
4 Who is the greatest helping hand for your mother?
5 Have you got any machines to help in householding?
6 Do you write notes to each other to remember things to do?
7 What does your morning look like?
8 Can you make tea? How do you do it?

5 **Read the note and answer the questions.**

**DO YOU KNOW?**

In Great Britain, people usually work five days a week. Many of them also work at home at the weekend. They do the chores and gardening. They also do repairs\(^1\) and make improvements\(^2\) to their houses. This is called DIY (Do It Yourself). The British love DIY because they are very proud of their homes.

- Do people in Great Britain work at weekends?
- What is the attitude of the British to their homes?
- What is called DIY?

6 Listen and read the poem, then answer the questions.

WHEN MUMMY IS AWAY

I’d like to tell you all about
A very stormy day,
When Daddy stayed at home with me
While Mummy went away.
He made the beds and swept the floor,
And did the washing up.
(And do you know, he broke a plate,
Two saucers and a cup.)
Then, when he bathed me, after tea,
He taught me how to swim.
(And there were puddles on the floor,
And drips all over him!)
The Mummy came home just in time
To see me getting down.
“Next time I’ll stay at home,” she said,
“While Daddy goes to town.”

- Have you ever stayed at home without mother?
- If yes, what did you usually do?
- Did you cook?
- Did you do something about the house / flat?
- Has anybody taught you cooking?
- Have you ever had the situation like the one described in the poem?

2 Write a paragraph on your usual work about the house / flat.
1 a) Work in groups. Discuss the questions below.
   - What food should we eat to stay healthy?
   - What food shouldn’t we eat too much?

b) Read the text to find out if it mentions your ideas.

To stay healthy you should eat as much fresh food as possible. You shouldn’t eat too much food from packages. There's too much sugar and salt in it.

Eat vegetables, fruits, nuts, fish, yoghurt and olive oil. You shouldn’t eat too much meat. Eat tomatoes, peppers, broccoli, spinach, and beans instead. Brown bread is better than white bread. If you want something sweet, eat fruit: an apple, a peach or some plums or cherries. If you are thirsty, you should drink water and not a fizzy drink.

The best food is local food. When it comes to your table it is fresh, full of vitamins and minerals. Today many people want to eat organic food. It is the food produced without chemicals, in a traditional way.
While watching a cooking programme on TV why not use your kitchen and prepare some fresh food for yourself and your friends. You can also try to grow some food yourself. Plant a tomato or some peas, perhaps.

2 **Work in pairs. Answer the questions.**
   1 Why is fresh food better than food from packages?
   2 What kind of oil is the best for your health?
   3 Is white bread better for you than brown bread?
   4 Why do some people want to eat organic food?

3 **Read the sentences 1-6 and match them with the correct places in the text.**
   1 *Eat them before doing sports.*
   2 *Eat these foods before sitting down to do your schoolwork because they are full of protein and healthy fats.*
   3 *It’s never too early to start thinking about what you eat!*  
   4 *It is the mineral which helps our body stay healthy and fight illness.*
   5 *You need about ten glasses every day.*
   6 *If you have them as snacks, you will have a nicer smile and you can even kiss somebody.*

**POWER FOODS**

People, like all living organisms, need food to live. Food gives us energy for every action we do, from writing homework to running. It helps us build and repair things in our body and it helps our organs function well. A good choice of food can make us healthier and, believe it or not, more beautiful and successful as well. You may be surprised by the following list but the food on it is really great for you. ...
FOR MORE ENERGY
Pasta, potatoes and breakfast cereal all have a lot of carbohydrates and are real energy-givers. ... If you have them before an important football match or a swimming competition, make sure to have a full plate.

FOR STRONGER IMMUNITY
Did you know that eggs have many different vitamins and also a lot of zinc. ... If you eat them, you will be healthier.

FOR BETTER CONCENTRATION
... Chicken, fish and nuts increase the production of dopamine\(^1\) in your brain\(^2\) which helps you concentrate. If you eat grilled (not fried) chicken, fish and nuts you will remember more of what you are studying.

FOR WHITER TEETH
Apples and raw\(^3\) carrots are similar to small toothbrushes which polish your teeth and after eating them your mouth will smell sweet. ...

FOR CLEARER SKIN
Walnuts\(^4\) are rich in omega-3 fatty acids and after eating them you will have fewer pimples. Water is necessary for fresh and healthy looking skin. ... If you drink a lot of it, your skin will be as beautiful as a baby’s.

h (n.) something small, like a sandwich, chocolate or an apple, that you eat between meals
6 Make a list of rules for healthy eating habits.

DO YOU KNOW?

The four most important food plants in the world are wheat, corn, rice and potatoes. We eat a lot of wheat. It’s in our bread, pasta and cakes. People in Africa eat a lot of corn. Rice is the main food in Asia where they eat it for breakfast, dinner and supper. Potatoes are from South America. They came to Europe with the Spanish and became food for the poor because you can grow a lot of potatoes on a small piece of land and they fill your stomach. A tragedy happened in Ireland in the nineteenth century. There was a potato disease and one million people died of hunger. Do you know that more than 800 million people in the world don’t have enough food? 16 000 children die of hunger every day. This number is unfortunately growing. This is sad because many people have so much food that they have problems with weight. What do you think?

Household chores? No big deal! In my family we have no problems with household chores. Every Sunday evening we have a little meeting in our kitchen. We discuss all the things that we have to do, and then we make a weekly plan. Everybody gets some tasks to do. Nobody stays out. Mum puts the list on the fridge door. We check it every night before going to bed. And that’s it. The plan works well.

I have to make my bed every day but I tidy up my room once a week. I usually do it on Saturday morning. I also have to lay the table but I don’t have to clear it. My sister Vicky does it. We all look after our dog. His name is Rex. My sister and I feed
the dog but mum and dad have to take it for a walk, twice a day. Mum does the cooking and ironing and dad does the hoovering¹ and takes the garbage out on Tuesdays and Fridays. You know what I really hate? Washing up. Luckily, everybody has to do it. We take turns.

THE MAN WHO DIDN’T WASH HIS DISHES

(after Phyllis Krasilovsky)

There once was a man who lived alone in a little house in a small town. He always cooked his own dinner, cleaned the house by himself and made his own bed.

One night he came home feeling very hungry, so he made a big dinner. He ate too much and was very tired after finishing. He decided to leave the dishes till the next night.

But the next night he was TWICE1 as hungry, so he cooked TWICE as big of a dinner, and it took TWICE as long to eat it, and he was TWICE as tired as he had been the day before. As the days passed by, he got hungrier and more tired, and there were so MANY dirty dishes that he started to pile them on the table.

As soon as the table was full he started to put them on his bookshelves. As soon as THEY were full, started piling them on the floor for several days and soon he couldn’t get into his house!

One night he looked in his cupboard and found out2 that there wasn’t any clean dish there. Soon he used up all his ashtrays3 and clean flowerpots, and his sweets dishes, and drank water from vases. He used up EVERYTHING, even the pots he cooked his food in, and the frying pan, and the kettle, and he didn’t know what to do! He was SO unhappy. His whole house was full of dirty dishes, and dirty flowerpots, and dirty ashtrays, and dirty sweets dishes, and dirty pots, and a dirty soap dish, and a dirty frying pan, and a dirty kettle. He couldn’t find his books or his clock, or even his BED any more! He

couldn’t sit down to think because even his chairs were piled with dishes, and he couldn’t find the sink so he could wash them!

But THE RAIN STARTED! And the man got an idea. He drove his big lorry around to the side of his house and piled all the dishes, and all the vases, and all the ashtrays, and pots, and a frying pan, and a kettle on it and drove the truck out into the rain.

The rain fell ON EVERYTHING and soon the dishes were clean again. THE RAIN WASHED THEM! Then the man carried everything back into the house again. He put the dishes into the cupboard, the frying pan and the pots on the pot shelves, the ashtrays on the tables, the flowerpots back where he found them, the vases where the vases go, the kettle on the gas cooker, and the soap dish in the bathroom. He was so tired after carrying everything back and putting it away that he decided, “I’d better always wash my dishes just as soon as I have finished my dinner.” The next night when he came home, he cooked his dinner, finished to eat it, washed the dishes and put them right away. He did this every night after that, too. HE IS VERY HAPPY NOW. He can find his chairs, and he can find his clock, and he can find his BED. It is easy for him to get into his house, too, because there are no more dishes piled on the floor or anywhere!
2 Answer the questions.

   8 What idea came to his mind?
   9 Why was he very tired?
  10 What did he decide?
  11 Why is he happy at the end of the story?

3 Divide the story into some passages\(^1\) and tell the main idea of each passage.

4 Tell the story as if you were the main character of it.

READING

1 Answer the questions.
How often do the Olympic Games take place?
Who can take part in the Olympic Games?
What is the motto\(^2\) of the Olympic Games?

2 Read the first paragraph of the text on page 94 and check your answers.

\(^1\)to mind [mænd] — бути уважним, пам’ятати
\(^2\)a motto [ˈmɒtəʊ] — девіз
The Olympic Games are a modern international sports event. The best sportsmen from many countries all over the world compete in different sports. The games take place every four years in a different country. All sportsmen are proud to represent their country. The motto of the Olympic Games is: SWIFTER, HIGHER, STRONGER.

This is one of the symbols of the games. It has a white background with five interlocking rings: blue, yellow, black, green and red. Why these six colours? Because they appear on all the national flags of the world. The five rings represent the five inhabited continents of the world: America, Europe, Asia, Africa and Oceania.
Lesson 1

This is a character that represents the country where the Olympic Games are taking place but also the Olympic spirit. It is usually an animal: a tiger (Seoul, 1988), a dog (Barcelona, 1992) an eagle (Los Angeles, 1984). But it can also be a creature: Fuwa (Beijing, 2008), Wenlock and Mandeville (London, 2012).

The best athletes in each sports event get medals: gold for the first place, silver for the second place and bronze for the third place. However, the most important thing about the games is not to win, but to take part.

This tradition comes from a long time ago — from ancient Greece. Months before each games, a torch is lit at Olympia in Greece and sportsmen carry it across the world to the city where the new Olympic Games take place. The flame travels through many countries and it remains lit until the last day of the games. During the closing ceremony, it is put out.
Figure skating, ice hockey, skiing, snowboarding and bobsleigh are some of the ice and snow sports that you can see during the games. There aren’t so many sports as during the Summer Olympics, but they are also interesting. The first Winter Games were organised in France in 1924.

During the two to three summer weeks, athletes compete in more than 30 sports disciplines: gymnastics, athletics, rowing, sailing, badminton, wrestling and many others. The modern Summer Olympics started in 1896.

The Paralympic Games are the games for athletes with a disability¹. They are held every four years in the same year as the Olympic Games. They are parallel to the Olympic Games and that is where their name comes from. Thousands of athletes from many countries compete in the events such as: wheelchair basketball, cycling, swimming, track and field events, wheelchair tennis and many other events.

4 a) Read the letter and say what once happened to Michael.

Hi, John,
I remember the time when I was out of school for a month. One Thursday I fell off my bike and broke it into pieces. And I broke my leg, too. I stayed at the hospital for three days. Then ambulance brought me home. But I couldn’t play football or go out with my friends. I was really bored at that time. I didn’t see my schoolmates till holidays. Mum bought me some comics, but I read them quickly. I had done 150 word puzzles and had seen 35 films on video before I recovered and came back to normal life. So, my advice to everybody: be careful when you ride your bike or do any other things. It’s not so good to be out of school for weeks!
Dear Ann,

I’d like to tell you about the time when Mum and Dad went away on their business and left me and my sister for 3 days. Sally was five at that time. She started to feel ill on Monday evening. She had a temperature, a headache and a sore throat. She wanted to watch cartoons on TV, but she couldn’t and went to bed early. She stayed in bed on Tuesday morning and I had to phone the doctor. The doctor arrived at 11:30. He looked at Sally’s throat and checked her temperature.

Sally needed some medicine. The doctor wrote a prescription and gave it to me. I bought the medicine at the chemist’s paying with the money Mum had left for us. It was really difficult to make Sally take the medicine. I had to do different tricks and tell lots of fairy tales to Sally to make her get the treatment the doctor had prescribed.

That’s why I was the happiest person on Thursday morning when mother came back home. She said I had a useful experience. It’s true, but in my opinion, I was too young to be a nurse for my sister.

John was a football coach at a British University. He always tried to find good football players for his team. John trained his players very well.

They were good at running, jumping, swimming, rowing and playing different games. They often took part in races and practically always won. All John’s players were tall strong men, excellent sportsmen and just nice people. They hardly ever gave him trouble and the University team was the best in the South of England. Regular training, keeping to a diet and a lot of exercises were very important for the sportsmen. They always followed the coach’s advice and received good and excellent results in all home and international competitions and matches. They rarely lost a game or hardly ever ended matches in a draw. In fact, they practically always won.

The only trouble with some of his football players was their poor knowledge of many school subjects because the sportsmen were often not good at Maths, English, etc. and it was not always easy for them to be good University students.

One day the coach brought an excellent young football player to the Professor of the University. The Professor had to ask the young player some questions. The Professor chose very easy questions, but the boy couldn’t answer them. At last the Professor asked, “Well, what’s five times seven?” The student thought for a long time and then answered, “Thirty-six.”

The Professor shook his head and looked at the coach. “It’s
impossible!” he said. “I don’t want to punish your team. I understand he can throw a ball very well, but he doesn’t know mathematics at all. He can’t be a student.”

But the coach seriously asked, “Oh, please, sir! Let him become a student. He was only wrong by two.”

SOME FAMOUS LANDMARKS OF LONDON

St Paul’s Cathedral

The Great Fire of London in 1666 burnt the medieval cathedral to the ground, so Londoners needed a new one. Sir Christopher Wren started building St Paul’s in 1675. It took him 35 years to finish it. St Paul’s Cathedral has a 48 m high dome (a rounded roof). You can walk around its base on the inside. This part is called the Whispering Gallery. When you whisper against its wall, your friend can hear your whisper on the other side — 48 m away. That means that the church has got very good acoustics1.

Do you know any other famous buildings with a dome?

1acoustics [ˈaːkstiks] — акустика
The Houses of Parliament
This huge building is the home of the British government. Members of Parliament are also called MPs. People choose them in elections which take place every 4 to 5 years. The task of Parliament is to make laws.

Big Ben is the name of the bell (13.7 tonnes) inside the Clock Tower which forms part of the Houses of Parliament.

Who is the British Prime Minister now? Who is the Ukrainian President?

Do you know any other famous skyscrapers in the world?
The Millennium Bridge

*The Millennium Bridge* is a bridge over the River Thames. People like walking over it because there is no traffic on it. It’s 144 m long. The bridge has got the nickname — ‘Wobbly Bridge’. Kyiv was the capital of ancient Kyivan Rus. Zoloti Vorota was the main entrance to the city. This is often the starting point of many tours round Kyiv.

St Sophia Cathedral was founded by Yaroslav the Wise in 1037. The cathedral was the centre of learning and culture in Kyivan Rus. Prince Yaroslav himself was buried here. There are many beautiful mosaics and frescos in the cathedral.

St Michael’s Zolotoverkhyi Monastery, named after a Kyiv’s patron saint, shines with its beautiful golden domes on the other side of the square.

Andriyivsky Uzviz keeps its charm for the tourists. The street is named after Apostol Andriy, who climbed the hill here. One who walks up ‘the uzviz’ can see a wonderful St Andrew’s Church that was built in 1754 by Italian architect Bartelomeo Rastrelli.

Tourists and pilgrims shouldn’t ignore Kyivo-Pecherska Lavra with its numerous caves.

Maydan Nezalezhnosti is a fountain-filled square and the city’s most popular meeting place. It is known as the heart of Ukraine’s Orange Revolution of 2004 and the Revolution of Dignity of 2013-2014. 4 Work in pairs. Make your own sightseeing tour and visit two of the places in London.

a) Choose the places and find information about them.

b) Describe two places that you have seen, but don’t name them. Give your information to another pair. They must guess where you have been.
5 a) Read the text quickly and answer the questions.

1. Is Bella a typical popular girl?
2. Is Edward different from the other boys in his school?

Bella Swan has always been a little different from other kids at her school. She never really cared about fitting in with the trendy girls at her high school in Phoenix, Arizona. When her mother remarries, Bella decides to live with her father in Rainy Forks, a little town in Washington. She doesn’t expect her life to change a lot in her new school but it does change when she meets the mysterious and good-looking Edward. She has never met anyone like him. He’s very intelligent and witty. He’s also trying hard to hide his secret. Very soon they fall in love but it’s a bit like a Romeo and Juliet story. They shouldn’t be together. Their family and friends will try to separate them.

Edward Cullen is not an ordinary boy. He has some superhuman powers. He can stop a car with his bare hands and he can run faster than any other human being. He also hasn’t grown any older since 1918 because he’s immortal. Just like all other vampires. Yes, he is a vampire but a different sort of vampire. He and his family don’t drink human blood. When he sees Bella, he realises that he has waited all his life for such a creature. He has finally found his true soul mate. The reason why he tries to avoid Bella at first is because he is afraid that he might harm her.

2. Her life doesn’t change in her new school.
3. She has met boys like Edward before.

9 **Number the sentences to make up a dialogue.**

1 Read about William Shakespeare’s life and answer the questions below.

W. Shakespeare was born on April 23, 1564 in Stratford-upon-Avon. His father was a glove-maker. William went to a grammar school and had a good education. There he learned to love reading.

William married when he was still a teenager. His wife, Anne Hathaway, was several years older than him. He carved his living helping his father in the family business. William had three children when he left for London in 1587. Some people say that the reason he left his wife and children was his love to poetry and theatre.

In London Shakespeare began to act and to write plays and soon became an important member of a well-known acting company. Most of his plays were performed in the Globe Theatre, built on the bank of the River Thames. In 1613 he stopped writing and went back to live in Stratford where he died in 1616.

His plays are still acted not only in England but on the stages of many theatres of the world.

- When was W. Shakespeare born?
- What is his birthplace?
- Was his father a farmer?
- Did William have a family?
- How long had he lived in London?
- Where did he die?
- Why did he become famous?
Listen and read.

THE ACTORS COME TO TOWN
(from the book ‘W. Shakespeare’ after Jennifer Basset)

The story is told by William Shakespeare’s friend, Toby.

William married Anne Hathaway in November and she came to live in Henley Street. Will was only eighteen.

Susannah was born the next year. All babies look the same to me and Will was very pleased with her.

“Look, Toby, she’s got my eyes,” he said happily. “She’s going to be as beautiful as Queen of Egypt and as clever as King Solomon.”

“Oh yes!” I said. “All parents talk like that about their children.”

* * *

Soon in February 1585 I hurried round to Henley Street to hear the news. Will came running down the stairs.

“It’s two of them!” he said. “Twins! A girl and a boy. Isn’t that wonderful!” Will called the twins¹ Hamnet and Judith ['dʒuːdiθ].

Will was still reading and writing but he had changed. He was twenty-three at that moment and he was not happy with his life.

¹ twins [taɪnz] — близнюки
“Yes, but how?” I asked.
“You’ve got a family — three young children, remember.”
He didn’t answer.
In the summer months companies of players often came to small towns. Will and I always went to see the plays. Will loved to talk to the actors and to listen to all their stories of London.

One evening I walked into the Shakespeare’s kitchen and saw Anne with a red, angry face, shouting at the top of her voice.
“How can you do this to me? And what about the children?” Then she saw me and stopped.
Will was sitting at the table and looked pleased to see me.
“I’ve told Anne,” he said quietly, “that I’m going to live in London. I want to be an actor and to write plays if I can.”
“Plays!” screamed Anne. “Acting! Actors are dirty, wicked people! They’re all thieves and criminals! They drink all day and they never go to church…”
“Don’t be stupid, Anne. You know that’s not true. Listen. I’ll come home when I can but I must go to London. I can’t do anything in Stratford.” He looked at me across the room. “Are you coming with me, Toby?”
“How soon shall we start?” I asked.

**MY WORK**
ИМЕННИК
§ 1. Множина
Множина іменників утворюється за допомогою закінчення -(e)s, яке додається до основи іменника: a cat – cats; a cow – cows; a monkey – monkeys.
Запам’ятайте такі особливості утворення множини від деяких іменників:
Примітка: Деякі іменники на -o потребують для утворення множини закінчення -s (photo; pianos; kilos).
2. Деякі іменники, що закінчуються на -(e)s, змінюють -s, -f(e) на -v і додають -es.
Leaves are yellow in autumn. Two halves of the apple.
АЛЕ: a roof – roofs; a safe – safes; a handkerchief – handkerchiefs.
Вимова закінчення -(e)s: після глухих приголосних: cats [s]; після шиплячих приголосних: watches [iz]; після дзвінких приголосних та голосних: dogs; cows [z]
Примітка: Запам’ятайте вимову слова houses [ˈhauzɪz].
Іменник people має два значення люди (множина) та народ (одиниця): a lot of people — багато людей; all peoples of the world — всі народи світу
5. Запам’ятайте іменники, що вживаються лише в множині: trousers (штани), glasses (окуляри), earrings (сережки), vegetables (овочі), stairs (східці), scissors (ножиці), jeans (джинси) і т.ін.
6. Так звани збірні іменники (a family, a crew, a choir, a team, an army, a class) можуть сполучатися з дієсловами та заміщатися особовими займенниками як в одніні, так і в множині. Якщо ми сприймаємо дану спільноту або колектив як єдине ціле, вживаємо дієслова або займенники в однині. Якщо
ж маємо на увазі кожного члена спільноти окремо, вживаемо множину: *Our family is very big.* — Наша сім'я дуже велика. *Our family have fair hair.* — Всі в нашій сім'ї мають світле волосся.

§ 2. Відмінки іменників.

Відмінок — це форма іменника, що виражає зв'язок цього іменника з іншими словами в реченні.

Порівняймо українські речення *Я малюю олівцем і Я малюю олівець.* У першому реченні олівець є знаряддям дії (це виражено формою орудного відмінка), а в другому — об'єктом дії (на що вказує форма знахідного відмінка).

На відміну від української мови, де є шість відмінків іменника, в англійській мові їх лише два: загальний (*the Common Case*) і присвійний (*the Possessive Case*).

Загальний відмінок не має спеціальних відмінкових закінчень. Зв'язок іменника в загальному відмінку з іншими словами виражається прийменниками, а також місцем, яке іменник займає в реченні. Так, англійським відповідником першого з наведених вище українських речення (*Я малюю олівець*) є *I am drawing with a pencil*, а другого (*Я малюю олівець*) — *I am drawing a pencil*. Знаряддя дії виражено тут загальним відмінком з прийменником *with*, а об'єкт дії — загальним відмінком іменника (без прийменника), що стоїть після дієслова-присудка.

Іменник у загальному відмінку з прийменником *to* або *for* може відповідати українському іменнику в давальному відмінку:

- *I gave the ticket to my sister.* Я віддав квиток сестрі.
- *He bought a ball for his son.* Він купив м'яч синові.

Сполучення іменник в загальному відмінку з прийменником *of* здебільшого відповідає українському родовому відмінку:

- *the back of the chair* спинка стільця
- *the answers of the pupils* відповіді учнів

Загальний відмінок іменника з прийменниками *by* і *with* часто виражає такі відношення між словами, які в українській мові передаються орудним відмінком:

- *America was discovered by Columbus.* Америка була відкрита Колумбом.
- *The letter was written with a pencil.* Лист був написаний олівецем.

Отже, загальний відмінок іменників з різними прийменниками виражає відношення, які в українській мові передаються непрямими відмінками з прийменниками і без них:

- *Nick was a bit late for breakfast.* Нік трохи спізнився на сніданок.
- *Are you fond of presents?* Ви любите подарунки?

§ 3. Присвійний відмінок

Присвійний відмінок утворюється додаванням *’s* до основи іменника. Він означає пріналежність / володіння і вживається з назвами живих істот: *Tom’s room* — кімната Тома, *my father’s hat* — капелюх моєго батька.

Якщо множина іменника закінчується на *-s*, то при утворенні присвійного
відмінка додається лише апостроф: the dogs' houses, the boys' parents
Якщо ж множина іменника не має закінчення -s, в присвійному додається 's: the children's toys.
Примітка: вимова 's співпадає з вимовою закінчення множини іменників -(e)s.

§ 4. Злічувані та незлічувані іменники
Злічувані іменники можна порахувати: a boy, a bird, a flower, a day.
Незлічувані іменники не можна порахувати: air, hair, water, peace, poetry, progress. Вони мають такі відмінності:

<table>
<thead>
<tr>
<th>Злічувані іменники</th>
<th>Незлічувані іменники</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Можуть вживатися з неозначеним артиклем: This is a table. What a nice kitten</td>
<td>1. Не вживаються з неозначеним артиклем: This is snow. What fine weather!</td>
</tr>
<tr>
<td>2. Утворюють множину і вживаються з кількісними числівниками: There are five books on the shelf.</td>
<td>2. Не утворюють множини і не вживаються з кількісними числівниками.</td>
</tr>
<tr>
<td>3. Вживаються зі словом many, There are many pencils in the box.</td>
<td>3. Вживаються зі словом much, There is much water in the pond.</td>
</tr>
<tr>
<td>4. Запам'ятайте іменники, які в англійській мові є незлічуваними і тому вживаються в однині: news (новина/новини), advice (порада/поради), furniture (меблі), money (гроші), fruit (фрукти), cream (вершки).</td>
<td></td>
</tr>
</tbody>
</table>

АРТИКЛЬ
В англійській мові є два артикля — неозначений (a/an) та означений (the). Артикль ніколи не вживається самостійно, він завжди стоїть перед іменником (a / the boy) або перед його означенням (a / the little boy).
Вимова артикляв:

<table>
<thead>
<tr>
<th>Артикль</th>
<th>Під наголосом</th>
<th>Без наголосу і</th>
</tr>
</thead>
<tbody>
<tr>
<td>a (перед приголосною) an (перед голосним) the</td>
<td>[ɪ] [æn] [ðiː]</td>
<td>[æ] [æn] [ði] (перед приголосною)</td>
</tr>
</tbody>
</table>

§ 1. Неозначений артикль
Неозначений артикль вживається перед злічуваними іменниками в однині у таких випадках:
1. Коли ми називаємо щось або когось вперше або позначаємо принадлежність об’єкту до певного класу предметів чи осіб. В цьому випадку значення
артикля інколи можна передати словами «якийсь / один»: This is an elephant. Once I saw a very big snake. There is a plate on the table. A woman crossed the road. (Якась жінка перейшла дорогу.)

2. Якщо артикль можна замінити словом any (будь-який) та перед іменниками, що мають узагальнююче значення: Take an / any apple. A teacher is a person who teaches.

3. Після слів what (в окличних реченнях): What a clever child!

4. Перед числівниками hundred, thousand та million та іменниками, які означають однійці виміру, періоди часу і т.п., неозначений артикль може заміняти числівник one: a / one hundred — сто; a / one bottle of milk — пляшка молока; a / one thousand — тисяча; a / one hour later — годиною пізніше

5. В кількісних словосполученнях такого типу: three times a week — три рази на тиждень

6. В сталих виразах (див. також розділ «Прийменник»): to have a talk; a number of... (цілий ряд/певна кількість)

§ 2. Означений артикль

1. Означений артикль може вживатися перед іменниками як в однині, так і в множині, коли відомо, про яку саме річ або особу йдеться, тобто коли:
   — про це вже згадували раніше: He’s got a dog and a cat. The cat is very funny.
   — іменник має означення, що індивідуалізує його значення (прикметник; підрядне речення; of + іменник і т. ін.): The water in the lake is very cold. The cake I ate for breakfast was very tasty. The winter of last year wasn’t frosty.
   — означенням іменника є порядковий числівник, найвищий ступінь прикметника або слова following, next, last (в значенні «останній»): the first floor, the best pupil, the next day, the last month, the following task
   АЛЕ: last / next month (week, year) з точки зору теперішнього часу: We had a holiday last month.

2. Означений артикль вживається також перед деякими категоріями іменників:

* Вищий ступінь часто вживається зі сполучником than: The Nile is longer than the Amazon.

**Найвищий ступінь часто вживається з прийменниками in (для позначення місця) та of: The Nile is the longest river in the world. The Nile is the longest of all rivers.

5. Прикметники можуть утворювати ступені порівняння, що мають зменшувальне значення, за такою моделлю: less/the least + прикметник less attractive — менш привабливий (the) least attractive — найменш привабливий less happy — менш щасливий (the) least happy — найменш щасливий
6. Найвищий ступінь порівняння прикметників утворює таку граматичну
конструкцію:
Gold is one of the most expensive metals. (Золото — один з найдорожчих
металів.)
You are one of my best friends. (Ти один з моїх найкращих друзів.)

§ 2. Порядок прикметників
Якщо кілька прикметників стоять перед іменником і є його означеннями, то
порядок цих прикметників залежить від їх значень.
1. Прикметники, які називають об’єктивні характеристики предмета
вживаються у такому порядку:

<table>
<thead>

<th>3 вік</th>

2. Прикметники, що називають суб’єктивні характеристики предмета, стоять
на першому місці:
a beautiful young girl; a nice small glass vase; a boring old black-and-white
film

ПРИСЛІВНИК
§ 1. Утворення прислівників.
Найчастіше прислівники утворюються від інших частин мови (здебільшого від
прикметників) за допомогою суфікса -ly:
quick швидкий — quickly швидко
year pik — yearly щороку
Буква ‘у’ перед суфіксом -ly змінюється на і:
happy щасливий — happily щасливо
gay веселий — gaily весело
day день — daily щодня

Деякі прислівники в англійській мові збігаються за формою з прикметниками:
fast швидкий, швидко; early ранній, рано; loud голосний, голосно. Їх легко
відрізнити від прикметників, тому що прислівник, як правило, відноситься до
dієслова, а прикметник — до іменника:
They got up early. Вони встали рано.
We grow early vegetables Ми вирощуємо ранні овочі.
§ 2. Ступені порівняння
Прислівники способу дії та деякі інші прислівники мають ступені порівняння.
Вищий ступінь порівняння односкладових прислівників утворюється за допомогою закінчення -еr, найвищий — закінчення -est:
*late — later — latest*
*fast — faster — fastest*
Ступені порівняння прислівників, що мають два і більше складів, утворюються за допомогою слів more (у вищому ступені) і most (у найвищому ступені):
*quietly — *more quietly — *most quietly
*carefully — *more carefully — *most carefully*
**Виняток: early — earlier — earliest**
Ступені порівняння прислівників *well* добре і *badly* погано утворюються від інших коренів:
*well — better — best*  
*badly — worse — worst*

§ 3. Категорії прислівників та їх місце у реченні.

3. Займенник І (я) завжди пишеться великою літерою
4. Займенник другої особи you вживається при звертанні до однієї особи (ти/ви) та до багатьох осіб (ви).
5. Займенники третьої особи he (він) та she (вона) позначають людей та інколи тварин, а займенник it (він/вона/воно) — неживі предмети та тварин. Займенник they (вони) позначає живих істот та неживі предмети:
   Is Kate at home? — No, she is out.
   Where is my umbrella? — It is in your bag.
   Did you see my shoes? — They are under the bed.
6. Особові займенники в називному відмінку вживаються в реченнях в функції підмета, а в об’єктному — в функції додатка:
   He is my friend (підмет). I know him (прямий додаток). Give him a pen (непрямий додаток). I’ll talk to him (прийменниковий додаток).
7. Присвійні займенники стоять перед іменником і є його означенням:
   This is my book.
   Your car is fast, but mine is faster (підмет).
   I haven’t got a pen. Give me your pen (додаток).
8. Український присвійний займенник «свій» перекладається англійською мовою присвійним займенником відповідної особи:
   Вона взяла свої окуляри. — She took her glasses.
§ 3 Присвійні займенники.

В англійській мові присвійні займенники мають дві форми: залежну (conjoint) і незалежну (absolute).

Присвійні займенники в залежній формі вживаються перед іменниками в ролі означення: my address моя адреса; his name – його ім’я; its windows – його вікна (напр., будинку); our school – наша школа; your coat – твоє (ваше) пальто; their house – їхній будинок.

Присвійні займенники в незалежній формі не вживаються перед іменниками; вони замінюють їх і виконують функції підмета, іменної частини присудка, додатка:

*Where are all our toys?* — Де всі наші іграшки? — *Mine are here.* — Мої тут.
*They are mine.* — Вони мої.

У функції означення присвійний займенник у незалежній формі вживається з прийменником ‘of’ після означуваного іменника.

*It’s no business of mine.* — Це не моє діло.

§4. Деякі неозначені займенники

1. Займенник *much* — багато, значна частина вживається з незлічуваними іменниками, а займенник *many* — багато із злічуваними іменниками в множині. Порівняйте: *much work, many days.*

— Займенники *some* і *any* (деяка кількість, кілька) вживаються як із злічуваними, так і з незлічуваними іменниками в однині і множині.

— Займенник *some* вживається, головним чином, у стверджувальних реченнях, де має значення «кілька, деяка кількість, деякі»: give me *some* water, please. *Some* boys like playing hockey.

— *Some* вживається також у запитаннях, які виражають прохання, пропозицію або передбачають з’ясування чогось. *Can I have some more milk? Where can I buy some sweets?*

— Займенник *any* вживається переважно у *питальних* реченнях, де він означає «будь-який, скільки-небудь» або просто підсилює питання,
і в заперечних реченнях, де у сполученні з заперечною часткою він виражає просте або підсилене заперечення. *Is there any water in the jug? There isn’t any milk in the bottle. Have you got any new books?* — У *стверджувальних* реченнях займенник *any* має значення «будь-який, всякий». *You can take any book you like. Do you need a black pencil or a red pencil?* — *Oh, any will do.*

1. **В стверджувальних реченнях:**
   - There is somebody there.
2. **В питаннях,** які за змістом є пропозицією чи проханням або коли позитивна відповідь є очевидною:
   - Some tea?
   - Is there somebody there? I hear some noise.
3. **В заперечних** реченнях (не в функції підмета) з дієсловом в заперечній формі:
   - I don’t know anything.
4. **В загальних питаннях:**
   - Do you know anything?

В заперечних реченнях з дієсловом в стверджувальній формі:
- I know nothing. *None of us spoke Japanese.*

Неозначені та заперечні займенники, подібно до іменників, можуть вживатися в присвійному відмінку:
- It’s nobody’s house. (Це нічий дім.)

### § 6. Неозначений займенник ‘one’.

Неозначений займенник *one* може замінити лише злі чувані іменники.

1. **Він може позначати людей взагалі:**
   - *One* should be careful crossing a busy street.
   - (Слід бути обережним, переходячи вулицю з пожвавленим рухом).
   - *One* should remember one’s duty. (Слід пам’ятати свій обов’язок).
2. Може замінювати будь-який злічуваний іменник з означенням, щоб уникнути його повторення, при цьому one вживається з артиклями та має множину:
Which boy is your brother? – The one with red hair. (… З рудим волоссям)
What language would you like to study? – An easy one. (… – Просту)
I like these shoes, the black ones. (…, чорні)

§ 7. Зворотні займенники

Зворотні займенники утворюються від особових або присвійних займенників та неозначеного займенника one за допомогою суфіксів -self (в однині) та -selves (в множині):

<table>
<thead>
<tr>
<th>1 особа</th>

1. Відповідають зворотному займеннику себе та частці -ся:
Look at yourself! (Подивись на себе!)

2. Виконують підсилювальну функцію, акцентуючи суб’єкт чи об’єкт дії (сам):
I don’t know this myself. (Я й сам не знаю цього.)

Запам’ятайте:
1. Дієслова behave (поводитися), feel (почуватися) та afford (дозволити собі) вживаються без зворотних займенників.
I feel well. — Я почуваюся добре.
He behaves as usual. — Він поводиться як звичайно.

2. В сучасній англійській мові дієслова dress, wash, shave інколи вживаються без зворотних займенників.

3. Зворотні займенники з прийменником by мають два значення — «самостійно / без допомоги» та «один / самотньо»:
I’m sure I’ll do it by myself. (самостійно)
Do you live by yourself? (один)

4. Help yourself / yourselves (to...). — Пригощайтесь / беріть .....

Примітка 1. Запам’ятайте такі сталі словосполучення з прийменниками часу:
1) at present, in the past, in (the) future
2) in the morning, in the afternoon, in the evening, at night
   З цими словами вживається прийменник on, якщо вони мають якесь
   означення, тобто, коли йдеться про конкретний ранок, вечір і т. ін.:
   on Friday morning, on a warm summer evening, on the afternoon of
   September 23rd
3) at the weekend — у вихідні дні (суботу та неділю)

Примітка 2.
Запам’ятайте сталі вирази з прийменниками місця та напрямку (зверніть
увагу на відсутність артиклів!):

| be at school | go to / into hospital |
| at college | to school/college/university/ |
| at university | work/church/prison/bed |
| at home | Але: go/come home |
| at work | |
| at breakfast / dinner/etc | |
| at / in church | |
| in class | |
| in hospital | |
| in prison | |
| in bed | |

Якщо не йдеться про використання установи або місця за прямим
призначенням, прийменники та артиклі вживаються як звичайно:
There was a big gym in the school.
(В приміщення школи був великий спортивний зал)
in/to town — в місті / в місто (про місто, в якому ми знаходимось, або
найближче місто в цій місцевості; діловий/торговельний центр міста)
in/to the town — в місті / в місто (про міста взагалі)
in/to the country — за містом, в селі/за місто, в село (а не в місто)
Примітка 3.
Зверніть увагу на різницю у значенні таких словосполучень з прийменниками часу:

**on time** — вчасно (точно на призначений час/за розкладом)
   The plane landed on time.

**in time (for)** — вчасно (не спізнитися / встигнути)
   He came in time for the dinner.

**at the beginning (of)** — на початку (року / уроку / зборів і т.ін.)
   They bought a new car at the beginning of the year.

**in the beginning** = at first — спочатку
   In the beginning / at first he wanted to leave school after the 9th form, but later he changed his mind.

**at the end (of)** — наприкінці / в кінці (тижня / року / концерту і т. ін.)
   At the end (of the concert) she sang her best songs.

**in the end = at last** — нарешті / врешті-решт / кінець кінцем
   At first he didn’t want to go with us, but in the end he went.

СПОЛУЧНИК
Сполучники в англійській мові, як і в українській, вживаються для зв’язку членів речення і цілих речень у складному реченні. Вони виражають різні відношення між членами речення і між реченнями, але самі не є членами речення:

Наприклад, сполучник **and** (і, та) є сполучним:
   Nick and Pete are students. Микола і Петро — студенти.

Сполучник **but** (але) є протиставним:
   I came here but you weren’t. Я приходив сюди раніше, але ви не були вдома.

Сполучник **because** (тому що, оскільки) є причинним:
   She explained me the rule again because I had made a lot of mistakes. Вона пояснила мені правило знову, оскільки я зробив багато помилок.

ДІЄСЛОВО
§ 1. Present Simple Tense

4. The **Present Simple Tense** називає регулярну, повторювану дію або постійний стан в теперішньому часі. Цей час утворюється так:
   V (основа дієслова в 3 особі однини) + -(e)s

5. The **Present Simple** часто вживається з такими обставинами часу:
   — every day / week / month / year; daily; weekly; on Sundays / Mondays / etc.; in the evening; in the morning; in the afternoon; in spring; etc.;
   — always; never; seldom; rarely; frequently; often; usually; sometimes (прислівники, що з дієсловом в Present Simple звичайно стоять перед присудком але після дієслова be): We go to school **every day. They often play tennis. He is never late.**
§ 2. Past Simple Tense

1. The Past Simple Tense вказує на дію, що регулярно або одноразово мала місце у минулому часі. Цей час утворюється так:
   V(основа дієслова) + -ed (II форма дієслова)

2. При утворенні Past Simple у всіх особах однини та множини до основи дієслова додається суфікс -ed за такими моделями:
   work – worked, phone – phoned, drop – dropped, travel – travelled, try – tried

3. Так звані неправильні дієслова утворюють Past Simple не за правилом і тому їх треба запам’ятати (див. таблицю неправильних дієслів Irregular Verbs III pages 211-212).

4. Past Simple означає:
   а) дію, що відбулася в минулому
      (обставина часу в такому реченні — це, як правило, минулий момент або завершений відтинок часу — in 1964; yesterday; last week / month / year; at 5 o’clock; etc):
      She came home at 3 o’clock. They finished school last year.
   б) стан або повторювану дію в минулому:
      He lived in Lviv when he was young. We swam in the river every day in summer.
   в) послідовні дії в минулому:
      She stood up, came up to the window and opened it.

§ 3. The Future Simple Tense

5. The Future Simple Tense вживається для вираження:
   — передбачення: People will live on the Moon in future. (В майбутньому люди житимуть на Місяці.)
   — обіцянки: I’ll help you. (Я допоможу тобі.)
   — відмови: I won’t go there. (Я не піду туди.) I shan’t wash the dishes. (Я не митиму посуд.)
   — вірогідної дії (в умовних реченнях та інколи після слів I’m sure / I think / perhaps):
     I think I’ll buy it. (Думаю, я куплю це.)
     Perhaps I’ll buy it. (Можливо я куплю це.)
     I’ll buy it if I have money. (..., якщо матиму гроші.)
   — майбутньої дії, рішення про яку приймається в момент мовлення:
     Which ice-cream will you eat? — I’ll take strawberry ice-cream. (Яке морозиво ти їстимеш? — Я візьму полуничне.)

6. З дієсловом be може означати заплановану на майбутнє дію:
   There will be 15 people at my birthday party. (У мене на іменини буде п’ятнадцяtero гостей.)

§ 4. The Present Continuous Tense

1. The Present Continuous Tense утворюється так: V(основа дієслова) + -ing
2. The Present Continuous Tense позначає:
   — безперервну дію або дію, що відбувається в даний момент:
     Our planet is orbiting the Sun. (Наша планета обертається навколо Сонця.)
     We are working now / at this moment / at the moment. (Mi працюємо зараз / в даний момент.)
   — тимчасову дію, що відбувається в теперішньому часі:
     He is writing a new book now / nowadays. (Він пише нову книгу зараз.)
   — дію, яка здається безперервною (здебільшого тому, що є набридливою):
     He is always / constantly eating something. (Він завжди/постійно щось їсть.)
     They are talking all the time. (Вони весь час розмовляють.)

Примітка. Додавання суфікса -ing призводить до змін в основі дієслів, які закінчуються на:
1) приголосну + наголошений голосну + приголосну: stop – stopping; begin – beginning
2) голосну + l: travel – travelling
3) -ie: lie – lying; die – dying
4) голосну + приголосну + e: come – coming; take – taking

§ 5. The Present Perfect Tense
1. The Present Perfect Tense (теперішній перфектний час) утворюється за такою формулою: have + V3 (Participle II)
2. The Present Perfect Tense вживається:
   а) Якщо дія відбулася в минулому, а її результат якимось чином відчувається зараз. В цьому випадку в стверджувальних реченнях (та інколи в питальних) часто вживається прислівник already (вже), який стоїть після дієслова have, а в заперечних та питальних реченнях — прислівник yet (ще не), який стоїть в кінці речення:
     We have already done the work and can go home. We have not done the work yet.
     Have you done the work yet?
   б) Коли йдеться про попередній досвід людини (до теперішнього моменту).
     В цьому випадку можуть вживатися прислівники seldom / often / always / never / ever / etc, які стоять після дієслова have:
     I have never been to Spain.
     This writer has written many interesting books.
     Have you ever heard this song?
   г) Коли в реченні є обставина часу, що означає незавершений проміжок часу: (today / this week / this month / this year), а дія, про яку йдеться, вже відбулася:
     We have had three lessons today.
д) Якщо обставиною часу є прислівник just (щойно), який ставиться після дієслова have, або recently / lately (нещодавно):

He has just left.
I’ve met him recently.

Примітка: якщо обставиною є словосполучення just now, вживається Past Simple:

I did it just now. (Я зробив це щойно.)

Запам’ятайте: Present Perfect ніколи не вживається з обставиною часу, яка вказує на конкретний момент або проміжок часу в минулому (in 1988 / at 5 o’clock / yesterday/a week ago / etc). Саме тому цей час ніколи не вживається в питальних реченнях, що починаються питальним словом When?.

§ 6. The Past Perfect Tense

1. The Past Perfect Tense (мінулий перфект ній час) означає дію, яка відбулась або відбувалась до певного моменту часу в минулому. Цей момент може бути позначений обставиною часу (як правило з прийменником by) або іншою мінулою дією в Past Simple:

They had finished the project by the end of May. When I met him he had already lived here for 10 years.

2. На відміну від Present Perfect, Past Perfect може вживатися з обставиною, яка позначає конкретний момент або проміжок часу в минулому:

I knew that he had arrived on Monday.

3. Для дій, що відбувались послідовно або одночасно в минулому, вживається час Past Simple. Порівняйте такі речення:

He saw light in the window and understood that mother was at home.
He saw the dinner on the table and understood that mother had been at home.

§ 7. Позначення майбутньої дії за допомогою be going to

1. Структура be going to + V має значення:

а) Заздалегідь запланованої дії або наміру, як з обставиною часу, так і без неї:

We are going to buy a new flat next year. (Ми збираємось купити нову квартиру наступного року.)

He is not going to look for a new job. (Він не збирається шукати нову роботу.)

What are you going to do this evening? (Що ти збирається робити сьогодні ввечері?)

б) Майбутньої дії, яку можна передбачити, виходячи з певних ознак в теперішній ситуації:

Look at those clouds. It’s going to rain. (Подивись на ті хмари. Схоже, буде дощ.)

Примітка: Дієслово go в цій конструкції, як правило, пропускають, залишаючи лише be going:
He is going to Spain next week. (Він збирається їхати/іде до Іспанії наступного тижня.)

§ 8. Modal Verbs (модальні дієслова)

Більшість модальних дієслів мають два значення, перше з яких можна вважати первинним або головним. За первим значенням модальні дієслова дуже відрізняються: вони виражають обов'язок, дозвіл, вміння і т. інш., в той час як у другому значенні всі вони означають різні ступені ймовірності.

1. Can / could (здатність / вміння)

Головне значення дієслова can — фізична або розумова здатність до дії, вміння:

She can swim. — Вона вміє плавати.
He can speak English. — Він може говорити англійською.

В цьому значенні дієслово can може відноситись тільки до теперішнього часу, could — тільки до минулого, а еквівалент to be able / unable to V — може утворювати всі часи крім часів Continuous:

She could swim when she was a little girl.
She is able to swim.
She will be able to swim soon.

Заперечна форма: I cannot / can’t dance. I could not / couldn’t dance.
I am not able to dance. / I am unable to dance.

Питальна форма: Can you dance? — Yes, I can. / No, I can’t.
Could you dance? — Yes, I could. / No, I couldn’t.

2. May (дозвіл)

Значення «дозвіл/прохання» можуть передаватись модальним дієсловом may

May I come in?

3. Must (обов’язок)

Модальне дієслово must означає «необхідність / обов’язок / наказ». Воно має лише форму теперішнього часу, яка може відноситись як до теперішнього так і до майбутнього часу:

I must go now. (Зара бо маю йти.)
I must be in Lviv tomorrow. (Завтра я повинен бути у Львові.)

Дієслово must має два еквіваленти:

— to have to (вживается в усіх часах, в тому числі і в теперішньому; утворює заперечну та питальну форми за допомогою допоміжного дієслова do) — вимушеньсть дії:

He fell ill and had to stay at home. (Він захворів і був змушений залишитись вдома.)

Do you have to stay at home today? I don’t have to stay at home.

— to be to (вживается в Present Simple та Past Simple, причому Present Simple відноситься до теперішнього або майбутнього часу) — спланованість дії / наказ:
We are to write a dictation tomorrow. (Завтра ми повинні писати диктант.)
You are not to do it. (Ти не повинен цього робити.)

<tr>

4. Have to / Had to

Дієслово have, вжите як модальне, виражає необхідність чи обов’язковість дії, зумовленої обставинами.

На відміну від інших модальних дієслів, дієслово have має форми інфінітива, дієприкметника і герундія і може вживатися в часових формах, яких не мають інші модальні дієслова, зокрема в майбутньому часі. Дієслово have, вжите в модальному значенні, має після себе частку ‘to’:

**I have to get up** the next morning at seven.  
Завтра вранці я маю встати о сьомій годині.

**I had to sell** my house.  
Я змушений був продати свій будинок.

**You’ll have to go** home now.  
Вам доведеться зараз піти додому.

Питальна й заперечна форми модального дієслова have у Present Simple і Past Simple утворюються з допоміжним дієсловом do:

**Do we have to sleep** with him in here?  
Ми мусимо спати з ним тут?

**You don’t have to go in.**  
Вам не обов’язково заходити.

**You did not have to think about it.**  
Вам не треба було думати про це.

5. will – would / won’t – wouldn’t

У питальних реченнях will і would вживаються у другій особі для вираження ввічливого прохання, запрошення, причому would надає проханню особливо ввічливого відтінку:
Will you have a cup of tea? Вип'йте чашку чаю.
Won't you sit down? Сідайте, будь ласка.
Would you help me? Допоможіть мені, будь ласка.
Would you like some coffee? Вип'єте кави?

The knife won't cut. Ніж не ріже.
The window wouldn't open. Вікно не відчинялося.
— You ought to lock your door. Тобі слід би замкнути двері.
— I have tried. It won't lock. Я пробувала. Вони не замикаються.

6. Ought to / Should
Модальні дієслова ought to/should мають значення «(моральний) обов'язок/ порада». Вони мають лише одну форму, яка може відноситись до теперішнього або майбутнього часу:
You ought to/should work harder. (Вам слід працювати наполегливіше.)
You ought not/oughtn't to be late. (Вам не слід спізнюватись.)
You should not/shouldn't be late.
Should we help them? (Нам слід допомогти їм?)
Ought we to help them?
ought to/should + перфектний інфінітив (have V3) — бажаність/ небажаність дії, що (не) відбулась в минулому:
You ought to/should have helped her. Why didn't you? (Вам слід було б допомогти їй. Чому ви цього не зробили?)
I shouldn't have eaten so much. (Мені не слід було так багато їсти.)

7. Need
Дієслово need вживається як модальне дієслово в значенні «чи треба?/ чи повинен?/ не треба/ не потребує/ не повинен». В цьому випадку воно вживається здебільшого в заперечних та питальних реченнях:
Need you do now? — Yes, I must./No, I needn't. You needn't go now.
Якщо дієслово need означає «потребувати (чогось)» воно вживається як звичайне дієслово:
She needs our help. — Does she need our help? — She doesn't need our help. He needed to see a doctor. You will need an umbrella.

Примітка. Need як звичайне дієслово не вживається в часах Continuous.
§ 1. Розповідні речення

Просте розповідне речення має фіксований порядок членів речення. В поданій нижче таблиці жирним шрифтом наведені ті члени речення, місце яких в реченні є незмінним, а курсивом — ті члени речення, місце яких може змінюватись (див. примітки):

</tbody>
</table>

Примітки:

1. Функцію обставин можуть виконувати прислівники. Про місце прислівників в реченні див. розділ “Прислівник”.

2. Обставина може стояти на початку речення, якщо необхідно зробити на ній акцент:
   After breakfast, he went to work.
   At home, she wears slippers.

3. Означення стоїть перед означуваним словом або після нього:
   He showed me some book written by an unknown author.

4. Непрямий додаток може стояти після прямого додатка, але з прийменниками to (після дієслів bring, give, lend, pay, show, write) та for (після дієслів buy, cook, do, fetch, find, get, make, order):
   Give me the apple. = Give the apple to me.
   Buy her one/some. = Buy one/some for her.
   Але: Якщо прямий додаток є особовим займенником, а непрямий — іменником, то непрямий додаток з наведеними вище прийменниками завжди стоїть після прямого додатка:
   Give them to the boy. Buy it for the girl.

5. Є дієслова, після яких завжди стоїть прямий додаток, а після нього може стояти непрямий додаток з прийменником to. Ось деякі з них — explain, announce, demonstrate, describe, introduce, mention, propose, prove, repeat, say:
   He explained everything to us.

§ 2. Заперечні речення

1. На відміну від української мови, в англійській мові заперечне речення може мати лише один заперечний елемент. Порівняйте:
   Ніхто не хоче нічого робити. — Nobody wants to do anything.
2. Заперечне речення можна утворити за допомогою
   а) заперечної форми дієслова:
      Не doesn’t speak Polish.
   б) заперечних займенників:
      Nobody speaks Polish here. I’ve got no time. He knows nothing.
   в) заперечних прислівників:
      I’ve never been to New York.

3. В заперечних реченнях, утворених за допомогою заперечної форми дієслова
   або заперечних прислівників, вживаються неозначені займенник any та його
   похідні (див. § 5. «Неозначені та заперечні займенники», стор. 198):
   She didn’t hear anything.
   We won’t go anywhere.
   Але в функції підмета вживаються заперечні займенники:
   Nobody came. Nothing was done.
   Примітка: Не завжди заперечні речення, утворені різними способами, мають
   однакове значення. Порівняйте:
   He hasn’t play tennis.
   He never plays tennis.

§ 3. Питальні речення

Про вживання неозначених займенників в питальних реченнях див. § 5.
«Неозначені та заперечні займенники» на стор. 198.

1. Загальні питання

   Це питання до присудка. Вони потребують відповіді «так» або «ні». Про
   утворення питальних форм дієслова в різних часах див. «Дієслови стор. 202-
   208». Узагальнюючим правило можна сформулювати так:
   Щоб утворити загальне питання, необхідно перше дієслово присудка
   поставити перед підметом. В Present та Past Simple цю роль виконує дієслова
   do у відповідній формі.
   В короткій відповіді на загальне питання використовується особовий
   займенник, що відповідає підмету, та стверджувальна або скорочена
   заперечна форма дієслова, яке стоїть перед підметом:
   Paul is a student. — Is Paul a student? — Yes, he is. / No, he isn’t.
   You can help me. — Can you help me? — Yes, I can. / No, I can’t.
   Ruth has done it. — Has Ruth done it? — Yes, she has. / No, she hasn’t.
   People know him. — Do people know him? — Yes, they do. / No, they don’t.

2. Спеціальні питання

   Це питання до всіх членів речення, крім присудка.
   Щоб утворити спеціальне питання, необхідно перед і загальним
   питанням поставити відповідне питальне слово — Who(m)?, What?, When?,

210
Where?, Why?, How?, Whose?, Which?, etc:

- Where did you buy this book? — In the bookshop.
- How do you like this performance? — I think it’s good.
- When were you born? — In 1980.
- Who(m) did you meet at the station? — My brother.

Питання до підмета або його означення мають прямий порядок слів, тому що функцію підмета або його означення виконує відповідне питальне слово — Who?, What?, Whose?, Which?:

- Who wrote the letter? — Pete did.
- What mountain is the highest in the world? — Everest.
- Which coat is yours? — The red one

Якщо питання ставиться до члена речення, перед яким є прийменник, то цей прийменник, як правило, стоять в кінці питання (в українській мові такі питання починаються з прийменника):

- Для чого ти це зробив? — What did you do it for?

3. Альтернативні питання

Це питання, які містять в собі вибір, що передається сполучником or:

- Is it autumn or spring in the picture? — It’s autumn.
- Have you got a bad or a good mark today?

4. Розділові питання (Tag-questions)

Ці питання складаються з двох частин — розповідного речення та короткого питання, що складається з допоміжного дієслова, що відповідає часу присудка першої частини, та особового займенника, що відповідає її підмету. Причому, якщо перша частина речення є стверджувальною, то друга — заперечною, і навпаки:

- You speak English, don’t you? — Yes, I do. / No, I don’t.
- He isn’t your brother, is he? — Yes, he is. / No, he isn’t.
- Він не ваш брат, чи не так?
